WORK EXPERIENCE

Amoeboids Technologies Pvt Ltd

Project Intern

Oct 2023 – Dec 2023

Pune, Maharashtra

- During my internship, I built a Slack App that connects with public APIs, allowing users to install it in their workspace, create channels for interaction, and retrieve data based on messages. I also developed a Slack Sign-In button and used various Slack REST APIs to get user and channel information.

Coincent With ArIES IIT, Roorkee, Virtual

Web Developer

Nov 2022 – Jan 2023

- Successfully completed project developing a E-Commerce website and a chat application. Designed intuitive, secure interface for user access.

PROJECTS

IMDb Movie Rating Analysis and Recommendation Using Various ML Techniques

- The overarching goal was to provide stakeholders with a tool to anticipate audience responses and enhance decision making processes in the dynamic landscape of the film industry.

E-Commerce Website

- Build a E-Commerce website of Sports Shop using HTML, CSS and Javascript.

Simple Chat App

- Build a basic chat application using HTML, CSS, JavaScript, and Firebase. The app supports real-time messaging, allowing users to send and receive messages instantly across devices.
